

BARBERA D'ALBA DOC SUPERIORE

Tòiu was Vittorio's nickname among friends. Our Barbera Superiore has always been, for us, the wine that symbolizes conviviality - the kind that makes you want to sit around a table with family or friends and share what you have. That's who Vittorio - or rather, Tòiu - was

PRODUCTION ZONE

East and west-facing vineyards situated in San Rocco Seno d'Elvio (Alba) and Neive townships. Elevation: 300 metres above sea level

VINIFICATION

The freshly-harvested grapes are immediately destemmed and crushed. Fermentation is spontaneous in stainless steel tanks at 24°-25° C. The wine is racked after about 10 days. Malolactic fermentation in steel tanks is spontaneous. The wine is cold-stabilised. The first élevage is for about 6 months in large oak barrels (30-50 hl). The wine is bottle-aged for about a further 9 months.

WHEN

This wine's 'trademark' is versatility. Immediately drinkable, it can also be kept for up to five years. Young or mature, this wine begs to be known and appreciated.

CLASSIC PAIRING

Steaming lasagne with ragù sauce; agnolotti with a meat filling, perhaps drizzled with wine. Stuffed guinea fowl or a roast with hazelnuts. And for a cheese pairing? A hard cheese from Bra (Piedmont)? Gorgonzola? A Toma cheese? The choice is yours.
